Erratum to: Osteoporosis International issue 198/20/6 DOI 10.1007/s00198-009-0862-9

The third sentence from the end of the section headed “Human data”, in the right-hand column of page 1099, incorrectly stated: “In other words, the clearance rate of bone strontium appears to be low”. The correct statement is: “In other words, the clearance rate of bone strontium appears to be high”.
