ERRATUM

Erratum to: *S*-(3-Aminobenzanthron-2-yl)cysteine in the globin of rats as a novel type of adduct and possible biomarker of exposure to 3-nitrobenzanthrone, a potent environmental carcinogen

Erratum to: Arch Toxicol DOI 10.1007/s00204-017-1943-8

When the above article was first published online, two data points were missing in Figs. 2 and 3 showing curves of elimination of *S*-(3-Aminobenzanthron-2-yl)cysteine (3-ABA-Cys) from globin and plasma, respectively. The missing data points were as follows: day 15 at the dose of 1 mg/kg in Fig. 2, and day 2 at the dose of 2 mg/kg in Fig. 3.

The corrected Figs. 2 and 3 are shown below.

Fig. 2 3-ABA-Cys in globin of rats dosed with 3-NBA. Each point represents mean of the values obtained from two rats

Fig. 3 3-ABA-Cys in plasma of rats dosed with 3-NBA. Each point represents mean of the values obtained from two rats

The online version of the original article can be found under doi:[10.1007/s00204-017-1943-8](https://doi.org/10.1007/s00204-017-1943-8).
