Correction to: Archives of Toxicology
<https://doi.org/10.1007/s00204-020-02836-w>

It has been brought to the authors' attention that Fig. 1 of "In vitro structure–activity relationship determination of 30 psychedelic new psychoactive substances by means of β -arrestin

2 recruitment to the serotonin 2A receptor" contained a mistake in the structures for 2C-B-FLY and Bromo-DragonFLY. This has now been corrected. The authors apologize for any inconvenience caused.

Fig. 1 Chemical structures of the tested compounds. The R-groups refer to the substitutions as marked in Table 2
