Correction to: *Naunyn-Schmiedeberg's Archives of Pharmacology* (2022) 395:867–885

<https://doi.org/10.1007/s00210-022-02250-2>

We regret to inform readers that our paper (Kayki-Mutlu et al., 2022) had mistakenly stated that tralokinumab “is administered via weekly subcutaneous injection” (p. 873). This should have read that tralokinumab “is administered as a loading dose, followed by subcutaneous injection every other week”. We apologize for any inconvenience this mistake may have caused.
