The title of this article is “Effect of a dual orexin receptor antagonist (DORA-12) on sleep and event-related oscillations in rats exposed to ethanol vapor during adolescence”. However, the title was mistakenly summed as “PSPH-D-18-00526: Effect of a dual orexin receptor antagonist (DORA-12) on sleep and event-related oscillations in rats exposed to ethanol vapor during adolescence” at the proof stage. The manuscript number “PSPH-D-18-00526:” was not part of the article’s title.

We are very sorry that we did not find this mistake in the proof process.
