Erratum to: Eur Food Res Technol 224:67–74 DOI 10.1007/s00217-006-0290-4

Unfortunately, the following errors have occurred. The corrections are given below.

In page 72, “... TMA was found to be 821 mg kg⁻¹ in cod and 2,800 mg kg⁻¹ in mackerel.” should read as “... TMA was found to be **2,800** mg kg⁻¹ in cod and **821** mg kg⁻¹ in mackerel.”

In page 73, “... but present in relative low levels after day 7–14 indicating the microbial activities of converting TMAO to DMA at low temperature.” should read as “... but present in relative low levels after day 7–14 indicating the **enzymatic** activities of converting TMAO to DMA at low temperature.”
