In the original publication of the article, the author has spotted a small error in one of the equations in the MEP variance paper. It is the equation on page 4 under Fig. 1 to the right. The correct equation is given below:

$$H(x) = \begin{cases} 1 & \text{for } x > 0 \\ 0 & \text{for } x \leq 0. \end{cases}$$

The original article can be found online at <https://doi.org/10.1007/s00221-021-06169-7>.
