Correction to: Wood Science and Technology (2019) 53:953–965 <https://doi.org/10.1007/s00226-019-01111-1>

Unfortunately, in the published version, the fourth paragraph under the heading Introduction, text phrase “The Entandrophragma species, together with the Swietenia’s and Khaya species, are generally referred to as the mahoganies or the acajous from Africa (Beeckman 2003; Kasongo et al. 2019).” contains an error.

This text phrase needs to be replaced with the following sentence: “The Khaya species are generally referred to as the mahoganies or the acajous from Africa (Beeckman 2003; Kasongo et al. 2019). The Swietenia species are referred to as the American mahogany, and these are sometimes sold as “mahogany” together with Khaya and Entandrophragma species.”

The author regrets for the inconvenience caused.
