ESNR continues to offer a series of free weekly online lectures given by some of the top speakers in the field of Neuroradiology

Every Wednesday at 17:00 CET you will be able to tune-in to these online presentations. Registering is free but space is limited. To register please visit our website: www.esnr.org

Each lecture will be 30 minutes with the possibility to ask questions via the Moderator.

Every week we will update the registration tab and announce on our social media accounts

The **43rd ESNR Annual Meeting** will be held on **October 5-9, 2020** as a **live online meeting**.

Travel restrictions and health measures because of the COVID-19 pandemic do not allow ESNR to organize a physical meeting in Lisbon this year. Although we regret not to be able to meet you in person in Lisbon, we are thrilled to offer you a live interactive meeting with the state-of-the-art lectures, refresher courses, scientific presentations and poster sessions, bringing you not only top speakers but also acting as a platform for young researchers. There will be no pre-recorded sessions, all live action!

For information on dates and postponement of all other courses please visit our website www.esnr.org
