Correction to: Immunogenetics

<https://doi.org/10.1007/s00251-021-01231-8>

An additional correction and addition by the authors was omitted when the article was published. The legend of Fig. 1 should read: “**Note added in proof: The recent discovery** of NF-κB orthologues in the marine nematode *Laxus oneistus* (Paredes et al. 2021) confirms that the widespread loss of RHD genes among Nematoda did occur subsequent to their evolutionary divergence from Tardigrada”. The corresponding reference was also added.

The original article has been corrected.
