This article (Pruitt et al. 2011) has been retracted by the Editors-in-Chief at the request of the authors. After publication, the authors found anomalies in the raw data that were collected. The conclusions presented based on these data are therefore unreliable. Nicholas DiRienzo, Simona Kralj-Fišer, J. Chadwick Johnson, and Andrew Sih agree with this retraction. Jonathan Pruitt has not explicitly stated whether he agrees with this retraction.
