Erratum to: Aesth Plast Surg DOI 10.1007/s00266-007-9004-y

In the online version of this article, the current figure 4 caption sections b and c are duplicated from figure 3. It appears correctly below:

Fig. 4 (a–b) Preoperative anterior and lateral view of a 37-year-old woman after weight loss with redundant skin

and a weak musculoaponeurotic system. (c–d) Postoperative anterior and lateral views after type 4 abdominoplasty without liposuction

In addition, the last line of the Conclusion section appears incorrectly. The correct sentence is as follows:

No clinical difference was observed in wound healing of the distal skin flaps between the two groups.

The online version of the original article can be found under doi:
