### Erratum to: Surg Radiol Anat DOI 10.1007/s00276-015-1556-y

The original article was published with an error in the article title. The word “lambdoidal” has been misspelled as “labmdoidal”. The correct title should be: “A new anatomic trait for identifying the mendosal suture in young children: the mendosal–lambdoidal angle”.

The original article has been updated accordingly.
