Correction to: Surgical and Radiologic Anatomy
<https://doi.org/10.1007/s00276-023-03117-8>

In this article the text was incorrectly typed as “Total of 45 studies that included 47 patients and two of our cases resulted in 49 patients” and should have been “ Total of 46 studies that included 48 patients and two of our cases resulted in 50 patients” under the section Abstract. The original article has been corrected.
