**Correction to: Current Microbiology (2021) 78:2481–2487**  
<https://doi.org/10.1007/s00284-021-02539-0>

The authors apologize sincerely for these mistakes caused.

The original version of this article unfortunately contained a mistake. The authors omitted to mention the correct number of the type strain of this new species which is SIT14. This is why it is necessary to rectify everywhere in the text by writing SIT14 instead of Marseille-P2012.

It is also necessary to put a space for the numbers that appear in the abstract, the introduction, and in the protologue part as follows: strain SIT14<sup>T</sup> (= CSUR P2012 = DSM 100854) instead of Marseille-P2012<sup>T</sup> (= CSURP2012 = DSM100854).

**Publisher's Note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
