Correction to: Rheumatology International
<https://doi.org/10.1007/s00296-020-04716-z>

In the original article, in the Abstract subsection, fourth line the following is stated—“To enumerate the clinical, radiological and laboratory features of meningoencephalitis related to pSS among the total cohort of meningoencephalitis admitted in our hospital.” This is incorrect due to a technical mistake took place because of formatting the abstract.

The correct sentence is “This study was undertaken to enumerate the clinical, radiological and laboratory features

of meningoencephalitis related to pSS among the total cohort of meningoencephalitis admitted in our hospital.”

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The original article can be found online at <https://doi.org/10.1007/s00296-020-04716-z>.
