The original version of this article, published on 13 April 2021, unfortunately contained a mistake. The following correction has therefore been made in the original: The title should start with “Vessel-related”, the corrected title is given above, and in the Abstract section “Objectives” it should read “(vessel-related structures [VRS])”. The original article has been corrected.

Publisher's note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
