

The 11th International Mammalian Genome Conference will be held at the Tradewinds Hotel in St. Petersburg Beach, Florida, October 12–16, 1997. Sessions will include Gene Identification; New Techniques; Genomic Imprinting; Gene Discovery and mutation analysis; Functional genomics; Genetic and Physical Mapping; Quantitative Inheritance and Multigenic Traits; Informatics and Databases. For further information, please contact Darla Miller at Department of Molecular and Cellular Biology, Roswell Park Cancer Institute, Elm and Carlton Streets, Buffalo, NY 14263; email: dmiller@mcbio.med.buffalo.edu or the meeting web site is <http://mcbio.med.buffalo.edu/11imgc>

Erratum

Mammalian Genome, volume 7, number 6, 1996, pp 408–412

In the paper, “Strain distribution patterns for genetic markers in the LSXSS recombinant-inbred series,” by P.D. Markel, B. Bennett, M.A. Besson, L. Gordon, V.J. Simpson, and T.E. Johnson, there was an error in Table 2. The correct genotype for RI6 should be S2 *not* L1.
