CORRECTION

Correction to: A dynamic double layer as the origin of the mass-dependent ion acceleration in laser-induced plasmas

Correction to: Applied Physics A (2019) 125:71
<https://doi.org/10.1007/s00339-018-2345-3>

In the original publication of this article, the authors noticed a chemical formula typo.

It involves the chemical formula of: $\text{YBa}_2\text{Cu}_3\text{O}_7$.

In the abstract and in its first appearance in the text (second page, left column, line 5), it is missing the number “7” in the oxygen. This is $\text{YBa}_2\text{Cu}_3\text{O}$ instead of $\text{YBa}_2\text{Cu}_3\text{O}_7$.

We apologize for this error.

The original article has been corrected.

The original article can be found online at <https://doi.org/10.1007/s00339-018-2345-3>.
