The original version of this article unfortunately contained a mistake. Partial data in Fig.1 was incorrect. The corrected Fig.1 is given below:

Fig.1 Location and bathymetric map of the study area

The solid red circles (a–g) show the locations of the gravity cores. The white rectangles and red lines with triangles delineate the side-scan sonar areas and the sub-bottom profile survey lines, respectively. The general location of the study area is indicated with a white box within the regional map (top right inset). Projection: UTM, WGS84, zone 51N.
