The author regret that the above article originally published with an error in the equation under “**Calculation of GHG emission, PE, C-mineralization, microbial C use efficiency, and enzyme activity**” section. The corrected equation is shown as follows:

$$\text{CUE} = {}^{13}\text{C-MBC} / ({}^{13}\text{C-MBC} + \text{R}_{\text{cum}})$$

The remainder of the article remains unchanged.
