score_{Q4 vs. Q1} 1.72, 95% CI 1.18–2.51) [20]’. The original article has been corrected.

In the original publication of this article on page 6, paragraph “Discussion”, line 4, ‘In a U.S. population-based case–control study ($n = 493$ cases) Peres et al., reported a non-significant association between DII score and risk of developing ovarian cancer of similar magnitude (OR DII score_{Q4 vs. Q1} 1.35, 95% CI 0.93–1.97) [20]’. It should read as ‘In a U.S. population-based case–control study ($n = 493$ cases) Peres et al., reported a significant association between DII score and risk of developing ovarian cancer (OR DII
