The original version of this article unfortunately contained a mistake. Error in Fig. 6 caption.

Figure 6 caption should read:

Case presentation of 67-year-old male with KL grade 2. **A–E** Pre-operative radiography of left–right knee before OWHTO. **F, G** Postoperative radiography after OWHTO (correction angle 10 degree). **H–K** Postoperative 10 years after OWHTO.

The original article has been corrected.
