We regret that there was significant omission of doxycycline concentrations units in Abstract and Discussion

sections of online published article. The units for both the low dose and high dose groups are as follows: 0.2 mg/L (0.45 μ M) and 2.3 mg/L (5.18 μ M).

The online version of the original article can be found under
doi:[10.1007/s00403-011-1201-5](https://doi.org/10.1007/s00403-011-1201-5).
