Correction to: Contrib Mineral Petrol (2011) 161:961–975
<https://doi.org/10.1007/s00410-010-0574-3>

These corrections do not affect any of the results or other expressions in the paper. We are grateful to Dr. Yanbin Wang for pointing out the above errors.

In the version of the article originally published, Eqs. (6), (7b), and (7c) were shown incorrectly. The corrected equations are the following:

$$\dot{\gamma} = B \cdot \exp \left\{ \frac{-Q_l}{RT} [1 - (\tau/\tau_p)^p]^q \right\} \quad (6)$$

$$\dot{\gamma} = 10^{14.0 \pm 2.9} \times \exp \left\{ \frac{-525 \pm 98 \text{ kJ mol}^{-1}}{RT} [1 - \tau/3073 \pm 546 \text{ MPa}]^2 \right\} \quad (7b)$$

$$\dot{\gamma} = 10^{10.7 \pm 2.3} \times \exp \left\{ \frac{-560 \pm 110 \text{ kJ mol}^{-1}}{RT} [1 - (\tau/3559 \pm 842 \text{ MPa})^{0.5}]^{1.5} \right\}. \quad (7c)$$

The original article can be found online at <https://doi.org/10.1007/s00410-010-0574-3>.
