Correction to: Contributions to Mineralogy and Petrology

https://doi.org/10.1007/s00410-023-02078-w

In the original publication, the following corrections are made:

Under heading "Analytical techniques", the second sentence should read as: Major element oxides were analyzed by X-ray fluorescence (XRF) at the University of Massachusetts Amherst according to the procedure outlined in Rhodes and Vollinger (2004). Some analyses were previously published in Garcia et al. 2015 and Tree 2016, or are the unpublished data of M.O. Garcia. All analyses are reproduced in Table 1.

Table 1 should include the following additional footnote: "Major elements were analyzed using XRF at the University of Massachusetts Amherst using the techniques detailed in Rhodes and Vollinger (2004) and some were previously reported in Garcia et al. 2015 and Tree 2016 or are the unpublished data of M.O. Garcia."

The original article has been corrected.
