This note concerns the review article by Carlberg and Seuter entitled “Dynamics of nuclear receptor target gene regulation”, published in *Chromosoma* (2010) 119:479–484. We wish to draw the reader’s attention to the fact that this review includes a discussion of a publication (Degenhardt et al. (2009) *Cell* 138: 489–501) that has subsequently been retracted (see *Cell* (2010) 143: 651).

Passages in the review that refer to the retracted paper should be interpreted with due caution.

Erich A. Nigg  
Chief Editor, *Chromosoma*
