<https://doi.org/10.1007/s00414-016-1383-7>

The original version of this article unfortunately contained a mistake in the Results section. The correct equation from the cubic regression analysis for male is: $\text{Age} = 14.408 + 0.475X - 0.064X^2 + 0.005X^3$, and for the female is: $18.196 - 1.637X + 0.204X^2 - 0.005X^3$. The error doesn't affect the main conclusion.

The online version of the original article can be found at <https://doi.org/10.1007/s00414-016-1383-7>
