Correction to: International Journal of Legal Medicine (2019)
<https://doi.org/10.1007/s00414-019-02188-w>

The published version of this article unfortunately contained a mistake. The description `(SEE  $\pm 7304$  years) and the most accurate age model based on multiple regression model was found to be with bilateral first molar teeth (SEE  $\pm 7413$  years)` should be changed as `(SEE ± 7.304 years) and the most accurate age model based on multiple regression model was found to be with bilateral first molar teeth (SEE ± 7.413 years) in abstract section.

Publisher's note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The online version of the original article can be found at <https://doi.org/10.1007/s00414-019-02188-w>
