Jousseaume (Graefes Arch Clin Exp Ophthalmol (2007) 245:665–675):

Unfortunately, an error occurred during the compilation of the composite Figure 3. Accidentally the left panel of Figure 3a showing retina without surgery was transposed with the right panel of Figure 3a showing retina after surgery without tamponade. Both panels are now presented in the correct order. As no differences amongst both panels were detected the error does not
