**Correction to: Langenbeck's Archives of Surgery**  
<https://doi.org/10.1007/s00423-022-02536-2>

The original version of this article contained a small mistake in the ethics approval section: “This study was approved by the Ethics Committee of the Hyogo Cancer Center and Kobe University.” However, because this study was only used patients’ data of Kobe University, we did not apply for approval of ethics committee of the Hyogo Cancer Center.

The original article has been corrected.

**Publisher’s note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The corrected sentence is shown below:

“This study was approved by the Ethics Committee of the Kobe University.”
