**Correction to: Cell and Tissue Research (2018) 372:287–307**  
<https://doi.org/10.1007/s00441-018-2820-3>

The online HTML version of the article contains an error in Table 2. In the second-to-last row of the table (beginning with “3p21.31”), the column “Reference/alternate allele” should list “T/A” instead of “A/G.” This error was corrected in the print and online PDF versions before publication of the issue, but the online HTML version was inadvertently left uncorrected.

**Publisher's note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
