<https://doi.org/10.1007/s00445-018-1194-4>

In the article “Emplacement controls for the basaltic-andesitic radial dikes of Summer Coon volcano and implications for flank vents at stratovolcanoes”, the vertical axis for Fig. 8a was incorrectly labeled (i.e., the value for dikes per km²). The correct labels are instead one order of magnitude larger than originally given. The correct version of Figure 8 is given here. This error does not impact the analysis or interpretations of the investigation.

The online version of the original article can be found at <https://doi.org/10.1007/s00445-018-1194-4>
