## Correction to: Space Science Reviews

<https://doi.org/10.1007/s00484-022-02238-w>

Due to figure processing errors introduced during typesetting via the publisher, the article was originally published with Figure 1 missing and Figure 2 appearing twice (in place of Fig. 1 and in its own respective place).

This correction stands to support the update to the original article. The original article has been corrected.
