Correction to: Supportive Care in Cancer

<https://doi.org/10.1007/s00520-020-05454-5>

The original version of this article unfortunately contained an error. The sentence in the Results section in the opening paragraph, reads, "The median radiation dose was 6.6 Gy, and

median treatment duration was 8 weeks" should instead read: "The median radiation dose was 66 Gy, and median treatment duration was 8 weeks."

In Table 1

Currently reads: Total radiation dose, Gy (median) 6.6 (5.4-7.0)

Should read: Total radiation dose, Gy (median) 66 (54-70)
