Correction to: Supportive Care in Cancer (2021) 29:833–840
<https://doi.org/10.1007/s00520-020-05543-5>

After publication of the article [1], the authors identified errors in Fig. 5. Specifically, the two curves regarding paclitaxel/CBDCA and paclitaxel were incorrect in the latter time periods. The corrected version of Fig. 5 is provided here.

The correction does not affect the conclusion or discussion of this article.

Fig. 5 EORTC CIPN 20 sensory subscale scores for patients who received AC chemotherapy, cisplatin, oxaliplatin, weekly paclitaxel, and a combination of paclitaxel/carboplatin. These data were obtained while patients were receiving chemotherapy or within 2 weeks of their last dose

The original article can be found online at <https://doi.org/10.1007/s00520-020-05543-5>.
