Retraction Note to: Neural Comput & Applic (2013) 23:311–322
<https://doi.org/10.1007/s00521-012-0898-1>

The Editor-in-Chief has retracted this article because it significantly overlaps with previously published articles [1, 2], and an article that was under consideration at the same time [3]. Additionally, the article shows evidence of peer review manipulation. The author has not responded to any correspondence regarding this retraction.
