This special issue consists of selected papers presented at the Joint International Conference on Information Storage and Processing Systems and Micromechatronics for Information and Precision Equipment (ISPS/MIPE 2018). The conference was the 27th annual conference for ISPS at Hilton San Francisco, San Francisco, California, USA from August 29–30, 2018. The conference covered broad topics on information storage and processing systems. Presenters were invited to submit full length journal papers for publication in MST. All submitted papers were refereed

according to the rigorous journal standards. The review process was coordinated by Prof. Kenji Fukuzawa, Dr. Shaomin Xiong, and Dr. Yung-Kan Chen.

We hope that readers find the 24 papers in the issue to be informative.
