

Erratum to: Validity and responsiveness of the Core Outcome Measures Index (COMI) for the neck

C. D. Fankhauser · U. Mutter · E. Aghayev ·
A. F. Mannion

Published online: 8 December 2011
© Springer-Verlag 2011

Erratum to: Eur Spine J
DOI 10.1007/s00586-011-1921-4

There was an error in the abstract of the article. The correct text is:

The COMI and NASS-cervical scores displayed no notable floor or ceiling effects at any time point whereas for the EQ-5D, the highest values were reached in around 32.5% of patients at follow-up.
