In the original version of the article, equation 4 and the first equation in the Appendix section have been incorrectly published. The correct equations are given below:

$$\begin{aligned} U_t &= \beta_1 \ln(c_t - \underline{c}) + \beta_2 \ln[f\delta(bs_t h_t + \underline{h}) + (1 - f)A] \quad \text{if } c_t \geq \underline{c} \\ &= -\infty \quad \text{otherwise;} \end{aligned} \quad (4)$$

$$\begin{aligned} Z &= \beta_1 \ln(c_t - \underline{c}) + \beta_2 \ln[f\delta(bs_t h_t + \underline{h}) + (1 - f)A] + \lambda[A + A\varphi(1 - s_t) \\ &\quad - p_c c_t] + \theta(c_t - \underline{c}), \end{aligned}$$

where λ is the Lagrange multiplier.

The original article can be found online at <https://doi.org/10.1007/s00712-017-0585-x>.
