Correction to: Amino Acids

<https://doi.org/10.1007/s00726-021-03012-9>

The original article has been updated.

In the original publication of the article, Supplement Fig. 1 and Supplement Table 4 were published with an error. In particular, the first file link which indicates Supplement Fig. 1 should be linked to a pdf (not a spreadsheet), but it was linked to a supplement table spreadsheet that does not fit with the legend describing that link. Likewise, the last supplement which should be an xls file (Supplement Table 4) was currently linked to a pdf which belongs to the Supplement Fig. 1 and its described legend.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The original article can be found online at <https://doi.org/10.1007/s00726-021-03012-9>.
