Erratum to: Clin Oral Invest
DOI 10.1007/s00784-013-1125-x

The original version of this article inadvertently contained a mistake. Unfortunately, there is a typo in the equation used to estimate the hardness values, the last "multiplication" sign should be a "plus" sign. The correct equation is shown here.

$$\text{Hardness} = P / \left(\pi \times r \times \sqrt{r^2 + h^2} \right)$$

The online version of the original article can be found at <http://dx.doi.org/10.1007/s00784-013-1125-x>.
