The original version of this article contained two mistakes. First, in the subchapter “Alpha-lipoic acid (ALA)” page 1895, reference 4 is cited three times, however reference 42 is the correct one. Second, the study by Grémeau-Richard et al. 2010 (reference 30) is cited in "Results", in "Table 4" and "Discussion" sections as a topical use of lidocaine, when in fact, lidocaine was injected for anesthetic blockade of the lingual nerve.

Publisher's note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
