Correction to: Clinical Oral Investigations

<https://doi.org/10.1007/s00784-021-03978-6>

In the “Treatment protocol and interventions” section, the authors made the description more clinically applicable and refined the description to eliminate any conflict to the practitioners during practicing the technique. The information in reference 32 was also modified to coincide with the reference citation.

The original article has been corrected.
