The original article contained a mistakes.

In Table 2, the unit for parameter "M/C" in the last column, the term " $10^6 \times N/A$ " should be replaced with " $10^5 \times N.m^3/A.kg$ ".

Additionally, corresponding with this modification, the sentence "(unit in S.I. being 1/ Newton per Ampère)", which is located below of Table 2, should be replaced with "(unit in S.I. being Newton cubic meter per Ampère kilogram)".
