It is our great pleasure to have a special publication in memory of the 38th annual meeting of the Japan Society of Brain Tumor Pathology. The meeting was held online due to the prevalence of COVID-19 infection. From the educational lectures, symposiums and workshop, distinguished presentations are published in this special issue, and will be served for the increasing knowledge of the members of this

society. Thank you very much for the great contribution of each author.

Akira Matsuno
President of the 38th annual meeting of the Japan
Society of Brain Tumor Pathology.
