CORRECTION TO: ECOSYSTEMS

[HTTPS://DOI.ORG/10.1007/S10021-018-0275-8](https://doi.org/10.1007/s10021-018-0275-8)

In the article by Forstner et al. (2018), the surnames of co-authors Katharina M. Keiblinger and Patrick Schleppi were misspelled. We apologize and ask readers to cite the corrected version of the article as presented here.

Further, equation (1) was incorrectly formulated in the original article. The original equation shown is only correct if θ_i is the volume *percentage* of roots and stones. If θ_i represents the volume *fraction* of

roots and stones as stated in the original article, equation (1) has to be reformulated as follows:

$$\text{SOCP}_i = \rho_{B,i} \times d_i \times \text{SOC}_i \times (1 - \theta_i) \quad (1)$$

Results and conclusion presented in the original article are not affected by this correction as soil organic C pools have been calculated using the volume *fraction* and equation (1) in the corrected form.
