The Editors-in-Chief of Marine Biotechnology are very grateful to all authors, reviewers, and Editorial Board members who dedicated their time and expertise to help sustain the editorial quality of the journal in 2021. Although the COVID 19 pandemic created personal and professional hardships for everyone these past two years, we are especially grateful for the devotion shown by our esteemed peer reviewers who continue to give of their time and share their scientific knowledge despite these very difficult circumstances.

A heartfelt “Thank You” to all of our 2021 peer reviewers!
