Correction to:
International Journal of Clinical Oncology
(2021) 26:443–449
<https://doi.org/10.1007/s10147-020-01844-1>

The author wishes to update the original publication as follows:

Under Results section of Abstract:

The sentence starting with: “A total of.....” should read as:

A total of 747 cases underwent CGP tests, 28 cases (3.7%) received genomically matched treatment, and 18 cases (2.4%) were referred for genetic counseling.

In Results, under section: The performance of EPs at each core hospital:

The sentence starting with: “Among the...” should read as:

Among the 747 cases in core hospitals, 28 cases (3.7%, range 0–7.7%) received genomically matched treatments (Table 2);

The sentence starting with: “Regarding the...” should read as:

Regarding the germline findings, 18 of 747 cases (2.4%, range 0–15%) were referred for genetic counselling (Supplementary Table 2).

In Table 4, the Recommended therapy for Site I should read as:

Alpelisib, neratinib
