In the original publication of the article, in Table 1, the sequence of column value of tissue “Pith” was incorrectly published as “Lower Lower Non-incised”. The correct column sequence should read as “Upper Lower Non-incised”.

The Table 1 is revised with the correct information.

The original article can be found online at <https://doi.org/10.1007/s10265-021-01360-x>.
